Here is something you won't find every day. Check it out. This is a Grand Statement son out of a cow who will be 20 years old this spring and is still alive and producing. This might be the coolest pedigreed bull to sell this spring. His dam, Osce 347 is well known, especially in MT and worked great for breeders like Fischer Red Angus, Feddes Red Angus, and Lucht Red Angus plus a few others who has purchased embryos or flushes out of her. I saw her last spring and she was still sound and in good shape. She did look older, but 20 years old. Oh ya, she has a 109 MPPA as well! Grand Statement is out of the great Pan cow family and what a great one it is. The combination of the two cow families will make you long lasting, deep sided, easy fleshing, sound made, good uddered cows who will bring in a heavy calf every year!!! (On photo day this guy had a sore foot, which is why he doesn't look quite right on his back end. He is over it now and is ready to go).

Take a look at the photo of this guy and his dam in August on grass. Pretty impressive pair. He is a stout made bull with a lot of eye appeal. But he does have a little extra gas and might be a little too much bull for some guys. But if you are in big country and handle them on horse, he should be fine. Besides that he is darn good. Real thick, smooth, and flashy. He will really add pounds to your calf crop as well. Plus, if it holds true that bulls will breed daughters that resemble his mother, wow would that be a great set of cows, just take a look at that photo again.

Retaining 1/3 semen interest

You gotta love these Mario sons. They all have a little extra calving ease, but yet have a bit of power, style, and good muscle. This guy is even more exciting though. Check out his pedigree, all you registered breeders or pedigree gurus take a look. His dam is a full sister to what might be the best cow making bull of all time. The bull whose semen sells for a couple hundred dollars a straw, the bull whose daughters stay in the herd for years and years, as they are sound, and fertile. The bull would be BJR Rambler 5162!!! Even though he might not have the most glorious EPD's, if you are serious about the cow business, you need to seriously take a look at this guy as not only is his dam a full sister to one of the greats, but his sires maternal grand dam is the great Blockana 1218! I would keep every daughter possible out of this guy. **Pen: 304**

Retaining 1/4 semen interest

WOW, WOW, WOW!!! Take a look at this powerful calving ease bull who is the heaviest weaning weight bull calf of the year at 862 lbs!!! That is impressive and pretty much unheard of, especially for a first calf heifer!!! Not only did he wean off pushing the scale down to nearly 900 lbs, but he was born with only a 74 lbs birth weight! Now that is the real impressive part of the whole thing. It is really no surprise though, as his dam is out of Sakic and is also a daughter of LMG Miss Dynette 3041. Now you should understand why we are so excited about this Dynette cow family. They do it all, stay in great shape, have excellent udders, real good feet, above average muscle, and knows how to raise a top calf year after year while always breeding up early! This is the kind of bull that every breeder, commercial or registered should look at.

We only have a few Victory sons in the sale, but every one of them are real good. They all have the same look as their sire. Victory himself was the most powerful bull in the pen when we purchased him and we purchased him to use on heifers. As he grew up, he stopped getting taller and continued to get wider and wider. He is one of the thickest and easiest fleshing bull in our herd sire group. I really like him and his daughters are going to be awesome if they grow up like he has. This guy weaned off over 750 lbs as well, pretty good for being out of a first calf heifer. **Pen: 304**

BW: 86 lbs.

WW: 629 lbs.

This is the last bull of the sale and he is a good one, as he has the looks, the power, and is out of a heck of a cow who has a 104 MPPA. As Roger Jacobs says "buy this bull or run them dry."

Pen: 304

We provide nutrition, not just products. Custom designed for your operation, we build cattle supplementation programs that make more out of your feed dollar—and we've been proving it to ranchers for more than 20 years. If you're serious about reducing labor costs and getting the most out of forages, **call Shawn Hinsz (605.823.2511).**

And Producer Profitability

SuperiorClickToBid.com

With SuperiorClickToBid.com, you can participate in an online auction in just three easy steps:

STEP ONE: BECOME A MEMBER OF THE SITE.

Membership is free. Once you become a site member, you will be given a username and password. This will allow you to sign up for the auctions that you want to participate in.

STEP TWO: REGISTER FOR AN AUCTION

Once you have your username and password, simply find an auction you're interested in, and click on the "register" button. Your registration request will be sent to Superior, and once approved, you will be notified that you can now bid live for that auction.

STEP THREE: BID WITH CONFIDENCE!

On sale day, simply login, browse to the auction that you desire to participate in, and click the "Bid Live" button. Simply follow along with the auction, and when the price that you want to bid appears, click on the bid button. You will be told if you are the current high bidder, and if you won the lot.

OTHER WAYS TO PARTICIPATE:

You can also call into Superior Livestock at 800-422-2117 and bid over the phone live during the auction. There may be other auctions happening the same time that Superior is hosting, so make sure you tell them the Gill Red Angus bull sale. You will need to call in before the sale to get a Gill Red Angus buyer number.

If you are unable to participate live, you are encouraged to leave an absentee bid. Simply browse to the auction and the lot that you are interested in, enter your absentee bid in the box, and click submit. Your bid will be executed by Superior at the appropriate time on your behalf.
